Steubenville Please keep our youth and adults, who are attending the Steubenville Conference in Springfield, Mo. this weekend, in your prayers.

This weekend is our annual collection for the diocesan missions. If you forgot your envelope, please put it in the basket next week. As we conclude our celebration of fifty years of sharing our faith and our blessings with the people of Peru, please keep the missions in your prayers. We continue to work with mission parishes and projects in Peru and have extended our reach to two dioceses in India and Nigeria. Your support is essential and it all goes to the missions. Please help!

Religious Leaders Call for Conscience

protection This week - just prior to the Independence Day Celebration - over 100 prominent religious leaders issued an open letter entitled **Standing Together for Religious Freedom**. The letter calls on the Obama Administration and Congress to respect rights of conscience and religious freedom.

The letter calls attention to various threats to religious liberty, including the mandate that all employers provide health coverage for contraception, sterilizations and abortion drugs. At a press conference at the National Press Club in Washington, Baltimore Archbishop William Lori, chairman of the bishops Ad Hoc Committee on Religious Liberty, said:

"As the Catholic bishops have said from the very beginning, the underlying issue with the HHS mandate is not about any specific teaching. In fact, other signatories on the letter do not share our view on contraception and probably disagree with us in many other ways, but they understand the core religious freedom issue at stake here."

Signers of the letter include representatives from the Southern Baptist Convention, the Church of Jesus Christ of the Latter-day Saints, the International Society for Krishna Consciousness, and Orthodox Christians and Jews.

This weekend, we have youth from St. Ann participating in the Stubenville youth activity in Springfield, Mo.. There will be lots of opportunity for prayer and continued growth in their faith. The youth will attend wonderful celebrations of Eucharist and have exposure to many other forms of prayers. All of their prayers will be assisted by the gift of music. The teens will experience a lot of joy around practicing their faith. Learning more about one's faith is another key component to the spiritual experience. It is my hope that the students and adults will come back with more zeal for the Lord!

Our Catholic faith offers wonderful renewal experiences and continued education opportunities for youth and adults. This potential for faith growth needs to be plugged into the life of our parish families. For the parish family needs to be the center of our faith journeys. For the parish family is where we regularly celebrate Eucharist and the many other opportunities to share God's love.
